Contractor - Attendance Upload – Error

The screenshot displays the CLMS 2.0 Contractor Attendance Upload interface. At the top, there is a navigation bar with the NLC India logo and the text "CLMS 2.0". Below this, there are several tabs: "Reports", "Critical Info", "Contractor", "HR User", "Division User", and "Technical User". The "Contractor" tab is selected. A yellow notification box in the top right corner reads: "INFO: Exceptions present! Please resolve errors before uploading. Data can be saved for workmen without errors. Logout".

The main interface has an "Upload" button and a form with the following fields:

- Month: MARCH
- Year: 2020
- LOA: GM/T/M/BMC/MS/EXP/PTE/D011/18-20
- Location: MINE - I, MINES I, CRAWLER YARD

There is a "File Containing Attendance Details" section with a "Read File" button and a "Cancel" button. A "Save and submit attendance to NLCIL" button is also present. A "Download Exceptions as Excel File" link is located at the bottom right of the form area.

An "Error List" table is displayed below the form, containing the following data:

Sl	Loc	Attdn Loc	Cat	UAN	FName	Name	Date	Error

Below the error list, there is a "Workmen List" section with a search bar and a table with columns: Location, Cat, UAN, FName, Name. The table is currently empty, with the message "No records found." displayed below it.

A purple callout bubble at the bottom right of the screen contains the text: "Info: Error if any during upload of file will be displayed in the screen as error list".
